

## Annual Report 2014 Vuga e.V.

2014 was the first „real“ Year for Vuga and for a young and not so big Society we made it pretty well. Following you find a short Overview on the main topics of this year as well as the financial budget.

### A: Account

Association assets 01.01.14:	273,69 €
Income:	13.704,92 €
Expenses:	8.539,74 €
Association assets 30.12.14:	5.683,88 €

### B: Income/Expenses

### C: Notes

#### 1. Donations

Vuga has collected over 10.000 € in Donations in 2014. The main amount of the donations is due to the efforts of the Borwinschool in Rostock and the Family of Felix Dümcke from Lübeck. Both of them collected more than 4000,- €. We are very grateful for the support and would like to thank all our supporters, but especially those two. The donations of the Borwinschool have been invested in the construction of a cafeteria for the Victorian High School. You can find a detailed report on our homepage. The donation from the Dümcke family are thought to go to community based projects, especially those related to the community of Masaka.

## 2. Sponsored Students

The Sponsored Student program was initiated successfully this year and our members and partners Peter and Ahmed provided four Students with advise and support. Furthermore they are now supporting projects for the family background of those students to improve their general ability. We hope to be able to increase our foundings next year and looking for new sponsors.

## 3. Expatriate Projects

Expatriate Projects are a new part of the budget. Those projects include all support which is given by former volunteers to the project they are still in contact with. For a Expatriate Project you have to be an active member of Vuga and hand in project proposal. With those project we support and enable the ongoing engagement of former volunteers and the nonstopping exchange between Uganda and Germany.

## 4. Expenses

The Expenses can be understood related to their part in the budget. To increase the accountability of our association we devided the budget clearly in categories, such as: Expatriate Projects, General Projects, Sponsored Students and administrative costs. You can find the list and the letter for proposals for our general projects on our homepage.

One of the aims of Vuga is to have our administrative budget as short as possible. This year we had expenses in this sector of 245,90 €. With this money we payed for the registration process in Germany, for our Internet Domain and printed our advertisement flyer for Germany.

## D: Other

- Vuga was officially declared as „non-profit“ organisation in 2014.
- We are also officially registered as sending organisation of the volunteer program „weltwaerts“ founded by the german government.
- With this program we will send two volunteers to our partner projects in august 2015.
